

## STORM WATER MANAGEMENT STRUCTURE INSPECTIONS LOG SHEET

Instructions: Use this form to keep track of weekly visual inspections of your storm water management structure(s) (including storm water and runoff diversion devices, and devices used to channel contaminated storm water to a wastewater storage or containment structure). List the items that need to be inspected below.

Keep track of your inspections in the following table by filling out one row each week when you inspect your storm water management structures. Provide the following information:

- ✓ the date of the inspection; the initials of the inspector and check the "OK" box if no problems were found
- ✓ use the "Notes" column to describe problems, if you find any, and how they might be fixed
- ✓ fill in the "date corrected" column with the date when you correct the problem
